Elegant White Shaker Kitchen Cabinets

The Elegant White Shaker Line is the most extensive shaker product lineup we have. It offers many more options and accessories over our other white shaker styles and comes fully upgraded right out of the box. The cabinet comes with a plywood box and a solid hardwood face frame. The doors and drawer fronts are made of a high grade MDF to prevent cracking and shrinking which is imperative with a bright white cabinet. The ease of assembly and price are what set it apart from our other white shaker lines. It offers a more masculine wide shake door with natural maple drawer boxes and full extension soft close under-mount drawer glides standard.
