Basic Kitchen Starting at Only \$1,652.00

Horizon Maple Kitchen Cabinets

The Horizon Maple line features a rich warm stain color that will match any decor. It offers standard features such as dovetailed under-mount full extension soft closing drawer glides and 6 way adjustable European style hinges. With black antiquing highlighting the features of the door, this cabinet really stands out. The Horizon Maple Cabinet Collection features a warm glaze over maple wood with incredible molding details on the raised panel. A subtle, black antiquing within the molding adds a dimension that really allows the detail to stand out. An excellent choice for traditional, farmhouse, European and Old World kitchen design, the Horizon Maple Collection can hold its own in any kitchen.

We love the design possibilities offered with the Horizon Maple Collection. The color palettes can range from more earthy neutrals to a rich yellow to provide a subtle contrast, emphasize the warmth of the wood and introduce a sunny theme to a kitchen that may lack natural lighting. We tend to like the lighter colors with this cabinet collection, as the warm finish and handsome details tend to stand on their own merit.
