## Oak Kitchen Cabinets

Test

With face frames, stiles, and rails made from solid Oak, this Collection brings a different look to our product line. The raised panels are oak veneered, giving a more stable door panel which is less likely to warp or crack. This collection also uses Antique English semi-concealed hinges to highlight its Traditional Oak finish. The Oak Collection introduces elegance to economy in kitchen cabinets and the result is striking. The face frames, stiles and rails of this collection are constructed of solid oak, while the raised panels are oak veneered, which gives more stability to the door panel, making it less likely to warp or crack. The Oak Collection also uses Antique English, semi-concealed hinges that highlight its finish.

The Oak Kitchen Cabinet Collection boasts a warm, golden Oak finish that allows the grain of the wood to show through while accentuating the golden tones. The Oak Collection looks best in a traditional, country, rustic, European or French Country kitchen. By adding snazzy, stainless hardware, you can also dress up these cabinets for a more modern appeal, but we love the look of bronze, aged nickel and even brass hardware on the Oak Collection.

### Oak Kitchen Cabinets Features

- *Face Frame: 3/4" Solid Oak*
- *Overlay: Half*
- *Shelves: 5/8" Plywood*
- *Hinges: Exposed*
