Traditional White Shaker Kitchen Cabinets

Constructed of maple and birch wood, the Traditional White Shaker cabinets boast full overlay, solid hardwood doors with concealed 6-way adjustable hinges. Solid wood drawer boxes feature undermount epoxy drawer glides.

Traditional Shaker cabinetry looks completely modern in a fresh white hue and beautifully crafted design. This line is versatile, working well with a number of kitchen designs. Whether you prefer a modern look or one that speaks to a time gone by, the stunning Traditional White Shaker collection is the perfect backdrop to work your own design magic on.

Shaker style cabinetry and furniture dates back to the late 1700s where it was first lauded for superior quality and functionality. While this line is perfect for dcor styles matching that time period, with the Traditional White Shaker kitchen cabinet collection, you are not tied to a historical interior dcor style. The bright white color makes this line a vibrant option for many personalities and tastes. Plus, the sleek, simplistic design works well with contemporary style trends.
